Advertising COSTS MONEY, Effective advertising MAKES MONEY!

Have you ever wondered what you could do to get a better return on your advertising investment? We work with hundreds of businesses just like you, from NY to LA and MANY small towns in between. Our mission is to help you get better RESULTS!

I have been invited to do a special FREE presentation for Powell Broadcasting on March 18th, 2009 to share some ideas that could **help your business grow, even in a sluggish economy!** At this 50 minute presentation you can expect to learn;

WHAT THREE THINGS DO YOU NEED if you want ANY advertising to work?

WHAT SHOULD YOUR MESSAGE SAY and what should be left out?

HOW CAN YOU SPEND LESS & GET MORE RESULTS than you have in the past?

HOW SOON CAN I SEE RESULTS from an advertising campaign?

I will also be happy to answer your questions after the main presentation, so plan to invest one hour of your time on March 18th. A marketing consultant from Powell Broadcasting will contact you to help you confirm a reservation. You may also call 712-239-2100 to reserve a seat. We have limited space, so call right away.

Thank you,
